UNDERGRADUATE STORM DELAY & CANCELLATION POLICY

WINTER 2023 – 2024

It is the policy of Nichols College to NOT cancel classes unless a severe weather advisory exists.

If weather conditions warrant a delay in opening, the College will announce that 8:00 AM classes (and subsequent classes if necessary) will be cancelled to allow travelers ample time to get to campus safely. The remainder of the day, classes will meet at regularly scheduled times.

Should weather conditions warrant the closure of campus buildings, classes will be held at their regularly scheduled times though Zoom unless notified otherwise.

Notifications will be made available as follows:

1. Students, faculty, and staff registered in the College's RAVE Mobile Safety emergency alert system will be notified directly.
2. Notifications may also be accessed on the stations listed below.
