

RESOURCE OF THE MONTH

WHY USE ACADEMIC SEARCH PREMIER?

Academic Search Premier

“This multi-disciplinary database provides active full text for more than 3,100 journals, including active full text for nearly 2,750 peer-reviewed journals. In addition to the full text, this database offers indexing and abstracts for more than 8,500 journals. This scholarly collection offers information in nearly every area of academic study.”

TESTIMONIAL

"I am mentoring two Research Assistants who are leveraging *Academic Search Premier* to source articles for their research and literature reviews. Their efforts are in preparation for presentations at the college's REAL Day in April. This collaborative use of *Academic Search Premier* not only facilitates our immediate research needs but also fosters a culture of academic rigor and innovation within our department."

- Timothy Liptrap, Associate Professor of Entrepreneurship and Sport Management
